

## Vaccine-Related Sessions at HIV R4P

Time	Type	Title	Location
<b>Monday, October 17</b>			
08:30 - 12:30	Satellite	HIV Vaccine Design and Development Partnerships in Africa: Showcasing African-led Basic HIV Prevention Science Research	Chicago Ballroom IX
09:00 - 10:30	Satellite	From Basic to Population Sciences: How to Understand and Prevent HIV Transmission: Vaccines and Sexual Transmission	Chicago Ballroom X
12:00 - 15:00	Satellite	Vaccine Elicited Immunity in the Pediatric Immune System	Sheraton Ballroom III
12:30 - 15:30	Satellite	Germline Targeting Immunogens: Taking the First Steps Toward bNAb Development	Chicago Ballroom VIII
13:00 - 15:00	Satellite	Target Product Profile for HIV Vaccines	Erie
13:30 - 15:30	Satellite	Designing Prevention Clinical Trials in the Era of Highly Effective Combination Prevention	Chicago Ballroom IX
<b>Tuesday, October 18</b>			
15:30 - 17:00	Symposium	Vaccine-Induced Humoral Immunity	Chicago Ballroom VI-VII
17:15 - 18:00	Poster Discussion	Evaluation of Vaccine Concepts	Sheraton Ballroom IV-V
18:00 - 19:30	Poster	Novel Vaccine and Prevention Concepts	River Exhibit AB
<b>Wednesday, October 19</b>			
08:30 - 10:00	Plenary	Which Way is Forward: Emerging Challenges and Opportunities	Chicago Ballroom IV-VII
10:30 - 12:00	Oral	Testing Vaccine Concepts: Where the Rubber Hits the Road	Chicago Ballroom VI-VII
13:00 - 14:30	Oral	Teaching the Immune System New Tricks: Vaccine-Induced Immune Responses	Sheraton Ballroom IV-V
15:30 - 17:00	Symposium	Effective Cellular Immune Responses	Sheraton Ballroom II-III
<b>Thursday, October 20</b>			
08:30 - 10:00	Symposium	Entering the Dark Zone: Germinal Centers in Immune Response	Sheraton Ballroom II-III
10:30 - 12:00	Oral	Cellular Immunity Matters!	Sheraton Ballroom II-III
13:00 - 14:30	Oral	Human Vaccine Clinical Trials: Reality Check	Sheraton Ballroom IV-V
<b>Friday, October 21</b>			
09:00 - 11:00	Satellite	Antibody Mediated Prevention and What It Takes to Make an HIV Vaccine	Chicago Ballroom X
09:00 - 11:30	Satellite	Systems Biology and Vaccines – Implications for HIV Vaccine Design	Sheraton Ballroom I
09:00 - 12:00	Satellite	Strengthening Community Advocacy and Solidarity for HIV Vaccine Research	Sheraton Ballroom II
