

# IAVI at AIDS 2024

July 22-26 | Munich, Germany

Pre-conference session: July 20, 8:00 - 17:30

"Shutting out HIV: Exploring key immune strategies of HIV vaccines"  
Kundai Chinyenze, Yvonne Wangui Machira

MONDAY  
22

09:30 - 11:00  
ROOM 14C | CHANNEL 10

**Discovery medicine trials for HIV vaccines - Identifying key lessons, challenges and opportunities for strengthening local preparedness and regional partnerships in Africa**

Joyeeta Mukherjee, Kundai Chinyenze, Vincent Muturi-Kioi

13:00 - 14:30  
ROOM 14C | CHANNEL 10

**How the biomedical should be informed by the social - navigating gaps and challenges in eliciting end-user perspectives towards informing next-generation HIV products**

Ken Ondenge'e, Paromita Saha, Yvonne Wangui Machira, Saif ul Hadi

15:00 - 16:30  
ROOM 5 | CHANNEL 8

**Navigating the horizon: Community-centric HIV vaccine trials**

Benard Kulohoma, Joyeeta Mukherjee, Vincent Muturi-Kioi, Ethel Makila, Yvonne Wangui Machira

TUESDAY  
23

07:00 - 08:00  
HALL B0A | CHANNEL 4

**Advancing community engagement in HIV prevention/implementation research: Effective practices and tools to address gaps and shape future directions**

Smriti Bhagi

12:00 - 13:00  
POSTER EXHIBITION AREA

**Volunteers' motivation to participate in an experimental medicine trial and experiences with non-conventional invasive sampling techniques**

Ken Ondenge'e

12:00 - 13:00  
POSTER EXHIBITION AREA

**Mental models reflect continued demand and unique value of vaccines for HIV prevention: Insights from an end-user study in India, Uganda and South Africa**

Joyeeta Mukherjee

12:00 - 13:00  
POSTER EXHIBITION AREA

**Enhanced HIV science literacy and improved motivation towards participation in biomedical research among key communities in India - the role of gamification and experiential-learning based interventions**

Paromita Saha

18:00 - 19:30  
ROOM 14A | CHANNEL 9

**Reaching the unreachable: Experiences and strategies in engaging hard-to-reach communities in virtual and physical spaces**

Paromita Saha, Joyeeta Mukherjee

WEDNESDAY  
24

11:00 - 11:45  
GERMAN BOOTH

**Interview with IAVI staff at German Government booth**

Hester Kuipers, Vincent Muturi-Kioi

12:00-13:00  
POSTER EXHIBITION AREA

**Methodological innovations to understand 'say-do' gaps in acceptability studies: Generating end-user insights on HIV broadly neutralizing antibodies in India through gamified behavioral experiments**

Saif ul Hadi

18:00 - 19:30  
HALL B0A | CHANNEL 4

**An Action Plan to accelerate bNAbs for peri- and post-natal prophylaxis (PNP)**

Shelly Malhotra, Vincent Muturi-Kioi

THURSDAY  
25

8:30 - 10:00  
HALL C1 | CHANNEL 1

**HIV vaccines: Where are we now, and what does the future look like?**

Devin Sok, GHIC (formerly IAVI)

12:00 - 13:00  
POSTER EXHIBITION AREA

**Leveraging digital gamification strategies for communicating next-generation HIV vaccine science to communities living in a high-risk environment**

Kashma Goyal

12:00 - 13:00  
POSTER EXHIBITION AREA

**Conducting experimental medicine vaccine trials (EMVTs) in Sub-Saharan Africa and India - complexities and potential safeguards for trial participants**

Monal Nagrath

18:00 - 19:30  
HALL BOB | CHANNEL 5

**Ending AIDS as a public health threat: the role of a vaccine in the era of long-acting PrEP**

Mark Feinberg

Keynote

Satellite/symposium
